Independent Auditor's Report

To the Board of Supervisors
Doylestown Township, Pennsylvania

Report on the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Doylestown Township, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise Doylestown Township's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of Doylestown Township as of December 31, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Township and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for one year after the date the financial statements were issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

CERTIFIED PUBLIC ACCOUNTANTS

EXPERIENCE | EXPERTISE | ACCOUNTABILITY

To the Board of Supervisors
Doylestown Township, Pennsylvania
Page 2

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, no such opinion is expressed
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Adoption of Governmental Accounting Standards Board Pronouncements

As discussed in Note 1 to the financial statements, in 2022 the Township adopted the provisions of Governmental Accounting Standards Board ("GASB") Statement No. 87, "Leases", Statement No. 91, "Conduit Debt Obligations", and Statement No. 92, "Omnibus 2020". Our opinion is not modified with respect to these matters.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 3 through 11, budgetary comparison information on page 50, and pension and OPEB plan information on pages 51 through 56 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Doylestown Township's basic financial statements. The combining nonmajor fund and combining fiduciary funds financial statements and are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund and combining fiduciary funds financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

DOYLESTOWN TOWNSHIP
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
DECEMBER 31, 2022

The management of Doylestown Township is pleased to present this narrative overview and analysis of the financial activities of Doylestown Township for the fiscal year ended December 31, 2022.

Doylestown Township is a Township of the Second Class under Pennsylvania law. The governing body of the Township is the Board of Supervisors comprised of five (5) members, who are elected at large and serve six (6) year staggered terms. The Board is empowered with legislative functions that include enacting ordinances and resolutions, adopting a budget, levying taxes, providing for appropriations, awarding bids and contracts, and making appointments to various boards and commissions.

Financial Highlights

- The net position of Doylestown Township exceeded its liabilities at the close of the most recent fiscal year by \$29,538,554 for 2022 and \$30,864,321 for 2021 (*net position*). Of this amount \$6,344,019 and \$7,416,223 for 2022 and 2021, respectively (*unrestricted net position*) may be used to meet the government's ongoing obligations to citizens and creditors.
- \$21,626,783 and \$21,448,027 for 2022 and 2021, respectively is net investment in capital assets, \$14,086 and \$13,217 is restricted for public safety, \$707,103 and \$887,948 is restricted for culture and recreation, \$846,563 and \$913,821 is restricted for Highways and Streets, and \$404,993 was restricted for debt service for 2021, respectively.
- As of the close of the current fiscal year, Doylestown Township's governmental funds reported combined ending fund balances of \$8,797,377 and \$9,706,055 for 2022 and 2021, respectively.
- At the end of the current fiscal year, unassigned fund balance for general fund was \$6,358,550 or 66% of total general fund expenditures; in 2021 this amount was \$6,593,176 or 72%.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the basic financial statements of Doylestown Township. The financial statements are comprised of four components:

- **Government-wide financial statements**, which provide both long-term and short-term information about the Township's overall financial condition.
- **Fund financial statements**, which provide a detailed look at major individual portions, or funds, of the Township.
- **Notes to the financial statements**, which explain some of the information contained in the financial statements and provide detailed data.
- **Other supplementary information**, which further explains and supports the information in the financial statements, is also included.

Government-wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of Doylestown Township's finances, in a manner similar to a private-sector business.

The **Statement of Net Position** presents information on all Township assets and liabilities, with differences between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Township is improving or deteriorating.

DOYLESTOWN TOWNSHIP
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
DECEMBER 31, 2022

The **Statement of Activities** presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event

giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

Both of the government-wide financial statements distinguish functions of Doylestown Township that are principally supported by taxes and intergovernmental revenues (*governmental activities*). The governmental activities of Doylestown Township include general government, public safety, highways and streets, economic development and culture and recreation.

The government-wide financial statements include Doylestown Township itself (known as the *primary government*) and Doylestown Township Municipal Authority, a Component Unit, for which Doylestown Township is financially accountable. Financial information for the component unit is reported separately from the financial information presented for the primary government. Separate financial statements for the component unit are available from the Township upon request.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Doylestown Township, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Doylestown Township can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as *balances* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *government activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in the fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Doylestown Township maintains fifteen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balance for the general fund, capital projects fund, roads & bridges fund, and debt service fund, all of which are considered to be major funds.

General Fund: The General Fund is the general operating fund of the Township. All activities of the Township are accounted for through this fund, except for those required to be accounted for in another fund.

Capital Projects Fund: The Capital Projects Fund accounts for financial resources that are assigned to expenditures to be used for the acquisition or construction of major capital facilities and other capital assets.

DOYLESTOWN TOWNSHIP
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
DECEMBER 31, 2022

Roads and Bridges Fund: The Roads and Bridges Fund accounts for maintenance and improvements to Township roads and bridges.

Debt Service Fund: The Debt Service fund collects real estate taxes to fund debt service payments.

Data from the other eleven governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

Doylestown Township adopts an annual budget for its governmental funds. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with the budget.

Proprietary Funds. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among functions. *Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements.

Fiduciary Funds. Fiduciary Funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support Doylestown Township's programs. The fiduciary funds are presented using the accrual method of accounting.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning Doylestown Township's pension liability and benefits to its employees and progress in funding its obligations to provide other post-employment benefits.

Other Supplementary Information. The combining statements referred to earlier in connection with non-major governmental funds and pension trust funds are presented immediately following the required supplementary information on pensions.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. Doylestown Township's assets exceeded liabilities by \$29,538,554 and \$30,864,321 for 2022 and 2021, respectively at the close of the year.

By far the largest portion of Doylestown Township's net position (73% and 69% for 2022 and 2021, respectively) reflects its investment in capital assets (e.g., land, buildings, infrastructure, machinery, and equipment), less any related debt used to acquire those assets that are still outstanding. Doylestown Township uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although Doylestown Township's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to re-pay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of Doylestown Township's net position (\$1,567,752 and \$2,000,071 for 2022 and 2021, respectively) represents resources that are subject to external restrictions on how they may be used.

The remaining balances of *unrestricted net position* (\$6,344,019 and \$7,416,223 for 2022 and 2021, respectively) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, Doylestown Township is able to report a positive balance in the category of *net position* for the government as a whole. The same situation held true for the prior fiscal year.

Governmental Activities: Governmental activities increased Doylestown Township's net position by \$94,134 for 2022 and increased \$408,337 for 2021.

Complete financial statements of the Component Unit may be obtained at the Township.

The government's capital assets are recorded at actual historical cost or estimated historical cost as determined by independent professional appraisers.

A condensed Statement of Changes in Net Position for 2022 and 2021 is presented below:

Financial Analysis of the Government's Funds

Doylestown Township uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The Township has adopted Governmental Accounting Standards Board (GASB) Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, as part of its reporting. The reporting standard establishes a hierarchy for fund balance classifications and the constraints imposed on the uses of those resources.

Governmental Funds. The focus of Doylestown Township's governmental funds is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing Doylestown Township's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

DOYLESTOWN TOWNSHIP
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
DECEMBER 31, 2022

The modified accrual basis of accounting is used for all governmental fund types. Revenues are recorded when susceptible to accrual, both measurable and available, and expenditures are recorded when the fund liabilities are incurred, except for interest on long-term debt, which is recorded when due for payment. Financial statements for the pension trust funds are maintained on the accrual basis, with revenue recognized when earned and expenses recorded when incurred.

At the end of the current fiscal year, Doylestown Township's governmental funds reported combined ending fund balances of \$8,797,377 and \$9,706,055 for 2022 and 2021, respectively. \$6,294,740 and \$6,593,176 for 2022 and 2021, respectively constitutes *unassigned fund balance*, which is available for spending at the government's discretion. *Nonspendable fund balance* \$136,448 and \$123,327 for 2022 and 2021 respectively, represents amounts that are not in spendable form. Fund balance of \$798,437 and \$989,481 has been *assigned* for capital projects for 2022 and 2021, respectively. The remainder of fund balance of \$1,567,752 and \$2,000,071 for 2022 and 2021 respectively is *restricted* to indicate that it is not available for new spending because it has already been committed to pay for public safety, culture and recreation, and highway and street expenditures.

General Fund

The *General Fund* is the chief operating fund of Doylestown Township. At the end of the current fiscal year, unassigned fund balance of the general fund was \$6,358,550 and at the end of 2021 this number was \$6,593,176. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund to total fund expenditures. Unassigned fund balance represents 66% and 72% for 2022 and 2021, respectively of total general fund expenditures.

The fund balance of the General Fund decreased by \$221,505 during the current fiscal year and increased \$102,388 for 2021. Key factors in this 2022 decrease were an increase in transfers out.

General Fund Budgetary Highlights

General Fund actual revenues exceeded final budgeted revenues for 2022 by \$1,264,384 or approximately 11.7%. Earned income taxes were over budget by 12.5%, local services taxes were over budget by 5.2%, and property taxes were under budget by .44%.

Differences between the final budgeted expenditures and actual expenditures resulted in a favorable variance of \$115,469 or approximately 1.2%. The variance in excess of expenditures under revenues amounted to \$1,379,853.

Overall greater revenues than originally expected due to the following: larger revenues from Transfer Taxes and Earned Income Taxes than expected, offset slightly by revenues being lower than expected for Property Taxes, Miscellaneous, Licenses and Permits, and Investment Income.

Expenditures for Public Works exceeded budget by approximately \$970,000 but it was offset by Public Safety and Benefits and Insurance expenditures which were under budget by approximately \$980,000.

DOYLESTOWN TOWNSHIP
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
DECEMBER 31, 2022

Nonmajor Funds

The *Nonmajor Governmental Funds* are shown on the Combining Balance Sheet and Combining Statement of Revenues, Expenditures, and Changes in Fund Balances, in the Supplementary Information. These funds are the special revenue funds and the capital projects funds. The year-end fund balance of the non-major funds total \$1,621,525 and \$2,023,042 for 2022 and 2021, respectively.

Four of the non-major funds are supported by real estate tax millage: Fire Protection (1.25), Ambulance Fund (.375), Park and Recreation (2.25), Roads and Bridges (4.1).

Fire Fund: The Township receives real estate tax revenues that are deposited into the *Fire Fund* and then transferred to the pertained Fire Companies. The funds are used for fire apparatus, housing for the apparatus, training of personnel and all associated expenses. Under Pennsylvania law the funds are restricted to fire protection purposes and cannot be used for any other function.

Ambulance Fund: The Township receives real estate tax revenues that are deposited into the *Ambulance Fund* and then transferred to the Ambulance service.

Park and Recreation Fund: The Township levies a 2.25 mill real estate tax to support functions paid from the *Parks and Recreation Fund*. The Township owns 740 acres of open space of which 383 acres is developed parkland. The budget for this fund separates recreation administration from parks administration. Doylestown Township offers recreation programs to the public that are self-sufficient. This means that user fees pay the cost of recreation program services.

Roads and Bridges Fund: The Township levies a 4.1 mill real estate tax to support the repair and replacement of the Township's infrastructure for roads and bridges.

Proprietary Fund

Internal service funds are an accounting device used to accumulate and allocate costs internally among the Doylestown Township functions. Doylestown Township uses internal service funds to account for its water charges.

The Component Unit – Doylestown Township Municipal Authority is an enterprise fund used to account for the Authority's water operation.

Capital Asset and Debt Administration

Capital Assets: Doylestown Township's investment in capital assets for governmental activities as of December 31, 2022, amounts to \$40,401,316 and \$37,613,592 for 2021 (net of accumulated depreciation). This investment in capital assets includes construction in progress and land, which are not depreciated. Depreciable assets include land improvements, infrastructure, buildings and building improvements, and machinery and equipment. Capital asset additions during the year consisted of road and bridge improvements, traffic improvements, trail improvements parks multi use vehicle.

The Component Unit's investment in capital assets as of December 31, 2022, amounts to \$11,177,155 and \$11,229,454 for 2021. This amount includes land, land improvements, buildings, plan, systems and equipment, infrastructure, and vehicles. Capital asset additions during the year consisted mainly of upgrades, equipment, and infrastructure.

DOYLESTOWN TOWNSHIP
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
DECEMBER 31, 2022

Additional information on Doylestown Township's capital assets can be found in the footnotes.

Economic Factors and the 2023 Budgets

In 2023 the economy continues to be robust even with low unemployment as in previous years, rising interest rates and high inflation. Projected growth in 2023 is expected to be at 2.0%, 2.4% in 2024 and 2.4% in 2025. Unemployment has declined at the date of this report to 3.5% though recent inflationary pressures have prompted the Federal Reserve to raise interest rates, the Fed Funds rate is currently at 5.50%. Through 2022 economic conditions continued to remain stable in Doylestown Township. The housing market even with higher mortgage rates and tight inventory pushed transfer tax receipts to over eight hundred thousand dollars in 2022. Earned income tax receipts, the primary source of income for the Township General Fund, increased over 2021 revenue by \$473,900 due to the local and national economy

DOYLESTOWN TOWNSHIP
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
DECEMBER 31, 2022

low unemployment figures and pay increase pressures at all levels of the employment spectrum. Local Services Taxes were higher over 2021 revenue by \$49,700. Real estate transfer tax decreased by \$130,400 due to higher mortgage rates and low available inventory. Charges for services increased over 2021 revenue by \$234,600 due to large permit activity, the Code Department wrote 904 permits in 2022 which was increase in activity over 2021. Finally, the Township received its second and third tranch of the State and Local Fiscal Recovery Funds from the Commonwealth to be allocated to pay for the accelerated road program in the Township in 2022.

In establishing the 2023 budget, historical trends and vendor inquiries, department head budgets and forecasting were used as the basis for estimating the cost of goods and services to be purchased in the year. Capital expenditures will be the main topic for 2023 along with pension funding (maintaining the recommended Pension Advisory Committee course of action), funds being allocated for an expanded and accelerated road program, park projects (Community Center in the planning and design phase), and bike and hike maintenance and projects. Appropriated funds were set aside for storm water management mandates. Parks Maintenance, Technology, Public works, and the Police department submitted budgets to purchase additional equipment. The 2023 budget provides the necessary resources for the Township organization to achieve the goals, vision and priorities established by The Board of Supervisors. It maintains accustomed service levels and represents an accurate estimate in dollar terms of the Township's commitment to deliver quality municipal services to Township residents. As of this report date, the pandemic, economic turbulence, and climate change risk as well as cyber threats has changed the Township's perspective on the short- and long-term effects on revenue and expenditures. The Township has instituted measures (Finance Committee meetings, Pension Advisory Committee meetings and budget workshops starting in April) to control future spending while closely monitoring revenues.

Request for information

The financial report is designed to provide a general overview of the Township's finances for all interested parties. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, address Doylestown Township, 425 Wells Road, Doylestown, PA 18901.

DOYLESTOWN TOWNSHIP
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
YEAR ENDED DECEMBER 31, 2022

Net Change in Fund Balances - Total Governmental Funds	\$ (908,678)
<p>Capital outlays are reported in Governmental Funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays (\$4,573,843) is exceeded by depreciation (\$1,687,273) in the current period netted by the loss on disposal of assets (\$98,846)</p>	
	2,787,724
<p>Internal Service Funds are combined in to Governmental Activities column for the but are not reported in the governmental funds. This is the net income for the internal service fund in 2022</p>	
	60,447
<p>Governmental Funds do not present revenues that are not available to pay current obligations. In contrast, such revenues are reported in the statement of activities when earned.</p>	
	292,287
<p>The issuance of long-term debt provides current financial resources to Governmental Funds, while the repayment of debt principal is an expenditure in the Governmental Funds, but the repayment reduces long-term liabilities in the statement of net position. The items are as follows:</p>	
Issuance of Long-Term Debt	(11,104,520)
Payments on Long Term Debt	9,852,816
Amortization of Bond Premium	62,637
<p>Some expenses reported in the statement of activities do not require the use of current financial resources and are not reported as expenditures in Governmental Funds:</p>	
Pension plan expense	(924,627)
OPEB plan expense	24,458
<p>In the statement of activities, certain operating expenses - compensated absences (vacations, compensated absences and sick leave) - are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid).</p>

DOYLESTOWN TOWNSHIP
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Township of Doylestown (the "Township") is located in the central section of Bucks County, Pennsylvania. The Township covers an area of approximately 16 square miles.

Reporting Entity

The Township is governed by an elected five-member Board of Supervisors. The accompanying financial statements present the primary government. In evaluating the Township (the primary government) as a reporting entity, all potential component units that may or may not fall within the financial accountability of the Township have been addressed. Financial accountability is present if the Township appoints a voting majority of a component unit's governing body and has the ability to impose its will on the organization or if there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the Township.

As required by Generally Accepted Accounting Principles ("GAAP"), the Township presents two pension plans that it is financially accountable for as Fiduciary Component Units.

As required by GAAP, these financial statements present the discretely presented component unit, the Doylestown Township Municipal Authority ("DTMA"), an entity for which the Township is considered to be financially accountable.

The discretely presented unit, DTMA, is reported in a separate column in the government wide financial statements to emphasize it is a legally separate from the government. DTMA provides water service for residents of the Township. DTMA is included in the Township's reporting entity in order to conform with GAAP, because of the significance of its relationship with the Township. The Township's Board of Supervisors reviews the budget of DTMA, the Township is ultimately responsible for DTMA's debt and the Township's employees provide the services for DTMA. Therefore, there is a fiscal interdependence and control over DTMA by the Township. Separately issued financial statements of DTMA may be obtained by contacting the Township's administrative office.

DTMA is a proprietary fund type that is accounted for on a flow of economic resources measurement focus, using the accrual basis of accounting. Under this method, all assets and liabilities associated with operations are included on the balance sheet, and revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on the activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

DOYLESTOWN TOWNSHIP
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Separate financial statements are provided for Governmental Funds, the Proprietary Fund and Fiduciary Funds, even though the latter are excluded from the government-wide financial statements. Major individual Governmental Funds are reported as separate columns in the fund financial statements.

Measurement Focus. Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Funds financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. For this purpose, the Township considers revenues to be available if they are collected within 60 days after the end of the fiscal period. Under this basis, certain revenues (those susceptible to accrual, readily measurable and available as to amount and anticipated as being readily collectible) are recorded on the accrual basis. Property taxes, franchise taxes and licenses associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenues are recognized only when received in cash. Expenditures, with the exception of interest requirements on long-term debt, are accounted for on the accrual basis of accounting.

The Township reports the following major Governmental Funds;

- The General Fund is the Township's primary operating fund and accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The Capital Projects Fund is used to account for financial resources that are assigned to expenditures to be used for the acquisition or construction of major capital facilities and other capital assets.
- The Roads and Bridges Fund accounts for maintenance and improvements to Township roads and bridges.
- The Debt Service Fund collects real estate taxes to fund debt service payments.

The Township reports the following major Proprietary Fund:

- The Internal Service Fund is used by management to charge the costs of certain activities to the discretely presented component unit.

Additionally, the Township reports the following Fiduciary Fund Types:

- The Pension Trust Funds are used to account for the activities of the Police and Non-Uniform Employees' Pension Plans, which accumulate resources for pension benefit payments to qualified employees and are component units of the Township.
- The Custodial Fund is used to account for funds received from individuals and private organizations for specific uses within the Township's boundaries.

DOYLESTOWN TOWNSHIP
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

Amounts reported as program revenues include: (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

The Proprietary Fund distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a Proprietary Fund's principal ongoing operations. The principal operating revenues of the Water Fund are charges to customers for sales and services. The Proprietary Fund also recognizes as operating revenues the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the Enterprise Fund include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Stewardship, Compliance and Accountability

Budgets and Budgetary Accounting - The Township follows the procedures outlined below, which comply with legal requirements in establishing the budgetary data reflected in the financial statements:

1. Budgets are legally adopted on an annual basis for most Township funds, which is consistent with U.S. generally accepted accounting principles. The operating budget includes proposed expenditures and the means of financing them.
2. During October and November, the Township holds budget hearings for the purpose of receiving oral and written comments from interested parties in regard to the proposed budget for the following year. The Township makes available to the public its proposed operating budget for all funds.
3. No later than December 31, the budget is legally adopted through the passage of an ordinance.
4. All budget revisions require the approval of the Township's Board of Supervisors. There were no budget revisions made during the year. The Board authorized the use of the unallocated fund balance in 2022.
5. Budgets for the funds are prepared on the modified accrual basis of accounting.

All appropriations lapse at year-end. Supplemental appropriations may be made at any time.

As a matter of state law, expenditures cannot exceed total appropriations by fund.

During 2022 the following functions incurred expenditures in excess of appropriations in the adopted budget:

General Government \$969,836
Public Works \$20,337

DOYLESTOWN TOWNSHIP
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus. Basis of Accounting and Basis of Presentation (Continued)

Encumbrance Accounting - Encumbrance accounting, under which purchase orders and other commitments for expenditures are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in all funds for which budgets are prepared. Encumbrances outstanding at year-end lapse. Encumbrances do not constitute expenditures or liabilities under accounting principles generally accepted in the United States of America.

Assets, Liabilities and Equity

Deposits and investments - The Township's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Statutes authorize the Township to invest in: 1) obligations, participations and other instruments of any Federal agency, 2) repurchase agreements with respect to U.S. Treasury bills or obligations, 3) negotiable certificates of deposit, 4) bankers' acceptances, 5) commercial paper, 6) shares of an investment company registered under the Investment Company Act of 1940 whose shares are registered under the Securities Act of 1933, and 7) savings or demand deposits. The specific conditions under which the Township may invest in these categories are detailed in Pennsylvania Act No. 53 of 1973, as amended by Pennsylvania Act No. 10 of 2016. Investments are stated at fair value.

The law provides that the Township's Pension Trust Funds may invest in any form or type of investment, financial instrument, or financial transaction if determined by the Township to be prudent.

Accounts Receivable – The Township and DTMA expect that all accounts receivable at December 31, 2022 are fully collectible. Therefore, no allowance for doubtful accounts is recorded.

Interfund Receivables and Payables - Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Real Estate Taxes - Real estate taxes are recorded as revenues when the taxes are levied. All property tax receivables are shown net of an allowance for uncollectibles. At December 31, 2022, all tax receivables were deemed to be fully collectible. There is no tax receivable allowance due to the materiality of the outstanding receivables.

Real estate taxes are levied on February 1st on property values assessed as of the same date. Taxes are billed March 1 and are due by January 15th of each subsequent year. A 2% discount is provided for taxes paid prior to April 30. A 10% penalty is applied to taxes paid after July 1. Any unpaid bills at January of subsequent year are subject to lien, and penalties and interest are assessed. Remittances from the tax collector are distributed to appropriate funds based on following millage rates; General 5.0, Ambulance 0.375, Fire Protection 1.25, Debt Service 2.475, Roads and Bridges 4.10 and Parks and Recreation 2.25.

DOYLESTOWN TOWNSHIP
 NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
 DECEMBER 31, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Equity (Continued)

Earned Income Taxes - A 1% earned income tax is imposed on all residents and on nonresidents who work within the Township limits. This tax is recorded as revenue when an enforceable legal claim to the assets arises or when the resources are received, whichever occurs first.

Capital Assets - Capital assets, which include land, land improvements, buildings, building improvements and machinery and equipment are reported in the governmental activities and discretely presented component unit columns in the government-wide financial statements. The Township defines a capital asset as an asset with an initial, individual cost equal to or greater than \$15,000 and must have an estimated useful life in excess of five years. DTMA defines a capital asset as an asset with an initial, individual cost equal to or greater than \$5,000 and must have an estimated useful life in excess of five years. Capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are recorded at the estimated fair value at the time of donation.

Depreciation has been provided over the estimated useful lives of property, plant and equipment using the straight-line method as follows:

	Years
Land Improvements	15-50
Building and Building Improvements	15-50
Infrastructure	20-50
Machinery and Equipment	5-20
Water System	50-75

Unavailable Revenues – Governmental Funds unavailable revenues consist primarily of delinquent taxes not collected within 60 days subsequent to the Township's year-end. It is expected that these receivables will be collected and included in revenue of future fiscal years.

Long-term Obligations - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. The Township's Long-term Debt consists of general obligation bonds, notes and capital leases.

Bond premiums and discounts are deferred and amortized over the life of the bonds. Bond premiums or discounts are reported as deferred charges. Bonds payable are reported net of deferred amounts on refunding, which represent the difference between the reacquisition price and the net carrying amount of old debt that has been defeased in refunding transactions since 1993. A deferred charge is amortized as a component of interest expense over the lesser of the remaining life of the old debt or the life of the new debt.

In the fund financial statements. Governmental Fund Types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt are reported as other financing uses.

Compensated Absences – Certain unused vacation and sick benefits do not lapse at year-end without approval of the Township and are recorded as a liability on the governmental activities column in the government-wide financial statements.

DOYLESTOWN TOWNSHIP
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Equity (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Accordingly, actual results could differ from those estimates.

Concentrations of Credit Risk - The Township's revenues and receivables for taxes are mostly derived from residents and businesses located in the Township and are, therefore, subject to the economic conditions of the area.

Fund Balances

The Township has adopted GASB Statement No. 54, which defines how fund balances of the Governmental Funds are presented in the financial statements. Fund balances are classified as follows:

- Nonspendable - Amounts that cannot be spent either because they are not in a spendable form or because they are legally or contractually required to be maintained intact.
- Restricted - Amounts that can be spent only for specific purposes because of state or federal laws or externally imposed conditions by grantors or creditors.
- Committed - Amounts that can be used only for specific purposes determined by the passage of a resolution by the Board of Supervisors.
- Assigned - Amounts that are intended to be used for a specific purpose, as expressed by the Board of Supervisors or by an official or body to which the Board of Supervisors delegates the authority. As of December 31, 2022, the Board has not delegated the authority to assign fund balance.
- Unassigned - All amounts not included in other spendable classifications.

The details of the fund balances are included in the Governmental Funds balance. Restricted funds are used first as appropriate, followed by committed resources and then assigned resources, to the extent that expenditure authority has been budgeted by the Board of Supervisors. The Township does reserve the right to first reduce unassigned fund balance to defer the use of these other classified funds. In the event that unassigned fund balance is reduced to zero, then assigned and committed fund balances are used in that order.

Deferred Outflows/inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The deferred outflow of resources related to pensions and other postemployment benefits (OPEB) are reported in the government-wide statement of net position and the proprietary fund statement of net position and are the result of differences between expected and actual experience of the pension plan, the net difference between projected and actual earnings on investments and changes in plan assumptions and contributions subsequent to measurement date.

DOYLESTOWN TOWNSHIP
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Equity (Continued)

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The deferred inflow of resources related to pension and OPEB plans are reported in the government-wide statement of net position and the proprietary fund statement of net position and are the result of differences between expected and actual experience of the pension and OPEB plans, and the net difference between projected and actual earnings on pension plan investments and the change of assumptions. The deferred gain on defeasance of debt is reported in the government-wide statement of net position and results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

Adoption of Governmental Accounting Standards Board (GASB) Statements

The Township adopted the provisions of GASB Statement No. 87, "Leases". The adoption of this statement had no effect on previously reported amounts.

The Township adopted the provisions of GASB Statement No. 91 "Conduit Debt Obligations." The adoption of this statement had no effect on previously reported amounts.

The Township adopted the provisions of GASB Statement No. 92 "Omnibus 2020." The adoption of this statement had no effect on previously reported amounts.

Pending Changes in Accounting Principles

The GASB issued Statement No. 94, "Public-Private and Public-Public Partnerships and Availability Payment Arrangements". Statement No. 94 is effective for the year ending after December 31, 2023. The Township has not yet completed the process of evaluating the impact of GASB No. 94 on its financial statements.

The GASB issued Statement No. 96, "Subscription-Based Information Technology Arrangements". Statement No. 96 is effective for fiscal years beginning after June 15, 2022. The Township has not yet completed the process of evaluating the impact of GASB No. 96 on its 2023 financial statements.

The GASB issued Statement No. 97, "Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an amendment of GASB Statements No. 14 and No. 84, and a suppression of GASB Statement No. 32". Certain provisions are adopted immediately, and other provisions are effective for the Township's 2022 financial statements. The Township has not yet completed the process of evaluating the impact of GASB No. 97 on its 2022 and 2023 financial statements.

DOYLESTOWN TOWNSHIP
 NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
 DECEMBER 31, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Pending Changes in Accounting Principles (Continued)

The Government Accounting Standards Board issued Statement No. 99, "Omnibus 2022". Additional provisions of this Statement will be required to be adopted by the Township in calendar years 2022 and 2023.

In June 2022, the GASB issued Statement No. 100, "Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62". This Statement is required to be adopted for the Township's 2024 financial statements.

The June 2022, the GASB issued Statement No. 101, "Compensated Absences". This Statement is required to be adopted for the Township's 2024 financial statements.

The effect of implementation of these Statements has not yet been determined.

NOTE 2 DEPOSITS AND INVESTMENTS

Deposits

Custodial Credit Risk - Custodial credit risk is the risk that, in the event of a bank failure, the Township's deposits may not be returned to it. As of December 31, 2022, \$545,627 of the Township's bank balance of \$7,534,067 was insured by the FDIC. The remaining amount was exposed to custodial credit risk, collateralized in accordance with Act 72 of the Commonwealth of Pennsylvania Legislature, which permits the institution to pool collateral for all governmental deposits and has the collateral held by a custodian in the institution's name. \$499,155 was held in PLGIT state investment pools which is both uninsured and not collateralized.

The Component Unit has a bank balance of \$2,623,563, of which \$483,054 is covered by FDIC and the remaining amount was exposed to custodial credit risk, collateralized in accordance with Act 72 of the Commonwealth of Pennsylvania Legislature, which permits the institution to pool collateral for all governmental deposits and has the collateral held by a custodian in the institution's name.

Investments

Fair Value Measurement - The Township categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are those that lack significant observable inputs. The Township had the following Level 1 inputs as of December 31, 2022:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Pension Activities				
Mutual Funds	\$ 24,265,562	\$ 24,265,562	\$ -	\$ -

DOYLESTOWN TOWNSHIP
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022

NOTE 2 DEPOSITS AND INVESTMENTS (Continued)

Interest Rate Risk - This is the risk that changes in interest rates will adversely affect the fair market value of an investment. The Township's formal investment policy does not address interest rate risk.

<u>Investment Type</u>	<u>Fair Value</u>	<u>Less Than One Year</u>	<u>1-5</u>	<u>6-10</u>
Pension Activities				
Bond Mutual Funds	\$ 8,463,454	\$ -	\$ 988,096	\$ 7,475,358

Credit Risk - This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits the investment of Government Funds as described in Note 1. It is the Township's formal investment policy that the investment portfolio maintains an average AA rating by Standard & Poor's.

<u>Investment Type</u>	<u>Fair Value</u>	<u>Credit Quality</u>
Pension Activities		
Bond Mutual Funds	\$ 3,395,185	AA
Bond Mutual Funds	5,068,269	A
	<u>\$ 8,463,454</u>	

NOTE 3 CAPITAL ASSETS

Changes in capital asset activity for the year ended December 31, 2022, were as follows:

	<u>Balance January 1, 2022</u>	<u>Increases</u>	<u>Decreases</u>	<u>Balance December 31, 2022</u>
Governmental Activities				
Capital Assets not Being Depreciated				
Land	\$ 3,750,000	\$ -	\$ -	\$ 3,750,000

DECEMBER 31, 2022

NOTE 4 INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund receivables and payables are as follows:

	Due from Other Funds	Due to Other Funds
Governmental Funds		
General Fund	\$ 274,000	\$ 17,624
Nonmajor Funds	6,184	274,000
Internal Service Fund	11,440	-
	\$ 291,624	\$ 291,624

Interfund balances are primarily a result of:

1. Reimbursement of payroll and payables charged to other funds.
2. Cash receipts collected in one fund but belonging to another.
3. Funding cash deficits.
4. In-transit budgeted operating transfers.

Interfund transfers are as follows:

	Transfer Out	Transfer In
Governmental Funds		
General Fund	\$ 2,011,866	\$ 534,690
Capital Projects Fund	913,396	168,866
Roads and Bridges Fund	-	1,814,897
Nonmajor Funds	741,191	
Internal Service Fund	-	1,148,000
	\$ 3,666,453	\$ 3,666,453

Interfund transfers are primarily a result of:

1. Reimbursement of payroll and payables charged to other funds.
2. Reimbursement for debt payments.
3. Various funds financing capital projects.
4. Budgeted operating transfers.

Net OPEB Obligation	568,492	-	(321,242)	247,250	-
Total Governmental Activities Long-Term Liabilities	\$ 19,204,226	\$ 18,752,200	\$ (10,236,695)	\$ 27,719,731	\$ 487,000

General Obligation Bond 2017

In 2017, the Township issued a Bond of \$9,940,000 with interest rates ranging from 1% to 4% to provide funding for: demolition, renovation, construction, design, furnishing, and equipping of improvements to facilities owned by the Township, including the municipal complex; acquisition of capital equipment; and the renovation, repair or replacement of Township bridges. Principal is payable annually on October 1st of each year, beginning in 2017 and continuing through 2041. Interest is payable April 1st and October 1st.

Promissory Note – 2018

IN 2018, the Township entered into an agreement with the Pennsylvania Infrastructure Investment Authority for a loan not to exceed \$8,599,354 for a sewer project. The note is secured by a pledge of taxing authority and is guaranteed by a lien on the sewer revenues of Bucks County Water and Sewer Authority (“BCWSA”). Upon completion of the project, BCWSA will assume the loan. The loan provides for interest-only payments for the first five years at 1.706%.

General Obligation Note – 2020

In 2020, the Township issued a General Obligation Note for an amount not to exceed \$3,040,000 with an interest rate of 2.39% per year to provide funding for: capital projects for the Township, including but not limited to the Township’s municipal building project and certain road projects. Principal is payable annually on October 1st, beginning in 2021 and continuing through 2045. Interest is payable annually on April 1 and October 1.

General Obligation Bonds– Series 2022

In 2022, the Township issued a Bond of \$8,880,000 with interest rates ranging from 2% to 5%. Proceeds of the Bonds were used to currently refund the 2017 General Obligation Bond and pay related costs of issuance. Principal is payable annually on October 1st of each year, beginning in 2022 and continuing through 2041. Interest is payable April 1st and October 1st. The Bond decreased debt service payments by \$1,211,683 and resulted in an economic gain of \$957,451.

 DECEMBER 31, 2022

NOTE 5 LONG-TERM DEBT (Continued)

Total Scheduled Annual Debt Service

The Township's total scheduled annual debt service on long-term debt, excluding the 2018 Promissory Note is as follows:

Year Ending December 31,	Principal	Interest	Total
2023	\$ 487,000	\$ 283,068	\$ 770,068
2024	445,000	261,250	706,250
2025	467,000	241,610	708,610
2026	490,000	220,922	710,922
2027	507,000	199,163	706,163
2028-2032	2,700,000	833,163	3,533,163
2033-2037	2,995,000	539,600	3,534,600
2038-2042	2,782,000	241,074	3,023,074
2043-2045	480,000	23,135	503,135
	<u>\$11,353,000</u>	<u>\$ 2,842,985</u>	<u>\$14,195,985</u>

NOTE 6 COMMITMENTS AND CONTINGENCIES

The Township is defendant in various civil actions. The Township intends to defend these actions. The ultimate resolution of these matters is not ascertainable at this time. No provision has been made in the financial statements related to these claims.

NOTE 7 DEFINED BENEFIT PENSION PLAN (POLICE PENSION PLAN)

Plan Description

Plan Administration - The Township administers the Police Pension Plan—a single employer defined benefit pension plan that provides pensions for all regular, full-time sworn police officers. The plan is part of the Township's financial reporting entity and is included in the Township's financial statements as a Pension Trust Fund. The plan does not issue separate, stand-alone financial statements. Management of the plan is vested in the Board of Supervisors as to the administrative, operation and investment of the plan. The Board of Supervisors has delegated the authority to manage plan assets to a third-party.

Plan Membership - At December 31, 2022, plan membership consisted of the following:

Active Plan Members	19
Inactive Plan Members Currently Receiving Benefits	19
Inactive Plan Members Entitled to but not yet Receiving Benefits	<u>3</u>
	<u>41</u>

Benefits Provided - The plan provides retirement benefits as well as death and disability benefits as follows:

- Eligibility Requirements
 - o Normal Retirement – Age 50 with 25 years of credited service
 - o Early Retirement – None
 - o Vesting – 100% after 12 years of credited service
- Retirement Benefit – 50% of final 36 months of average compensation, plus \$100 per month for each full year of service over 25 years

DOYLESTOWN TOWNSHIP
 NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
 DECEMBER 31, 2022

NOTE 7 DEFINED BENEFIT PENSION PLAN (POLICE PENSION PLAN) – (Continued)

- Survivor Benefit – Post-retirement – 50% of retirement benefit; Vested – refund of contributions with interest or 50% of vested benefit payable beginning at officer's superannuation retirement date.
- Disability Benefit Service Related – 50% of salary at time disability was incurred offset by any social security disability benefit received for the same injury
- Post Retirement Adjustments – Effective 1/1/1995, adjustment equal to lesser of CPI or 3%. Aggregate total increase will not exceed the lesser of 30% or 75% of final average salary.
- Pre ACT 44 Deferred Retirement Option Program (DROP) – An active member who has met the eligibility requirements for normal retirement may elect to participate in the DROP for a period of up to 48 months.
- Member Contributions – 5% contribution rate and 4% interest rate credited to member contributions

Benefit and contribution provisions are established by Pennsylvania law and may be amended only as allowed by Pennsylvania law.

The benefit provisions of the Township's plan are established by Township ordinances.

Contributions - Pennsylvania Act 205 of 1984 (as amended) requires that annual contributions be based upon the Minimum Municipal Obligation (MMO), which is based on the plan's actuarial valuation. The MMO includes the normal cost, estimated administrative expenses and an amortization contribution of the unfunded actuarial accrued liability, less estimated member contributions, and a credit equal to 10% of the excess (if any) of the actuarial value of assets over the actuarial accrued liability. The state provides an allocation of funds, which must be used for pension funding. A financial requirement established by the MMO, which exceeds state and member contributions, must be funded by the employer. In 2022, the MMO obligation for the plan was \$459,619. Contributions of \$834,926 were made by the Township to the plan and state aid of \$207,218 was contributed to the plan.

Administrative costs, which may include, but are not limited to, investment management fees and actuarial services, are charged to the appropriate plan and funded through the MMO and/or plan earnings. On-behalf payments of fringe benefits and salaries for the Township's employees were recognized as revenues and expenditures during the year.

Investments

Investment Policy - The plan's policy in regard to the allocation of invested assets is established and may be amended by the Board of Supervisors and its third-party provider. It is the policy to pursue an investment strategy that reduces risk through prudent diversification of the portfolio across a broad selection of distinct asset classes. The plan's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans. The following was the Board's adopted asset allocation policy as of December 31, 2022:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return *</u>
US Equity	40.00%	4.50%
Non US Equity	25.00%	6.40%
US Aggregate Bonds	25.00%	2.30%
Non US Aggregate Bonds	10.00%	1.90%

* Excludes 2.26% Inflation Assumption

DOYLESTOWN TOWNSHIP
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022

NOTE 7 DEFINED BENEFIT PENSION PLAN (POLICE PENSION PLAN) (CONTINUED)

Investments (Continued)

Method Used to Value Investments - Police Pension Plan investments are carried at fair value as reported by the investment managers. For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plan and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the pension plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms.

Rate of Return - For the year ended December 31, 2022, the annual money-weighted rate of return on plan investments, net of plan investment expense, was -16.15%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Net Pension Liability of the Township

The components of the net pension liability of the Township at December 31, 2022, were as follows:

Total Pension Liability	\$	18,818,069
Plan Fiduciary Net Position		14,263,942
Net Pension Liability	\$	4,554,127
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability		75.8%

Actuarial Assumptions – The net pension liability was measured as of December 31, 2022 and the total pension liability was determined by an actuarial valuation as of January 1, 2021, using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Assumptions	
Inflation	2.25%
Salary Increases	5.00%
Investment Rate Return	7.25%
Mortality Rates	PUBS-2010 Mortality Projected 5 Years Past the Valuation Date Using Scale MP-2020

The long-term expected rate of return on pension plan investments was determined using an asset allocation study conducted by the Plan’s investment management consultant in December 2022 in which best-estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) were developed for each major asset class. Those ranges were combined to produce the long-term expected rate of return by the target asset allocation percentage and by adding expected inflation. Best-estimates or arithmetic real rates of returns for each major asset included in the Plan’s target asset allocation as of December 31, 2022 are listed below:

DOYLESTOWN TOWNSHIP
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022

NOTE 7 DEFINED BENEFIT PENSION PLAN (POLICE PENSION PLAN) (CONTINUED)

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return *</u>
US Equity	40.00%	4.50%
Non US Equity	25.00%	6.40%
US Aggregate Bonds	25.00%	2.30%
Non US Aggregate Bonds	10.00%	1.90%

* Excludes 2.26% Inflation Assumption

Discount Rate – The discount rate used to measure the total pension liability was 6.75%. The discount rate is based on the long-term expected rate of return on plan investments that are expected to be used to finance the payments of benefits. The plan's fiduciary net position is projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefit payments to determine the total pension liability. The employer has always met the funding requirements of Pennsylvania law Act 205 of 1984. Act 205 requires full funding of the entry age normal cost plus plan expenses, as well as amortization of the unfunded liability.

Changes in the Net Pension Liability

	Governmental Activities Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a)-(b)
Balance at December 31, 2021	\$ 16,722,119	\$ 16,751,367	\$ (29,248)
Changes for the Year:			
Service Cost	512,254	-	512,254
Interest Cost	1,186,015	-	1,186,015
Changes for Experience	-	-	-
Changes of Assumptions	1,124,268	-	1,124,268
Contributions			
Employer	-	834,926	(834,926)
Member	-	116,135	(116,135)
Net Investment Income	-	(2,706,119)	2,706,119
Benefit Payments, including refunds of member contributions	(726,587)	(726,587)	-
Administrative Expenses	-	(5,780)	5,780
Net Changes	<u>2,095,950</u>	<u>(2,487,425)</u>	<u>4,583,375</u>
Balance at December 31, 2022	<u>\$ 18,818,069</u>	<u>\$ 14,263,942</u>	<u>\$ 4,554,127</u>

Changes in Assumptions

In 2022, the interest rate assumption was lowered from 7.25% to 6.75% per annum and the mortality assumption was changed to the PubS-2010 projected 5 years past 2021 valuation date using MP-2020.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Township, calculated using the discount rate of 6.75%, as well as what the Township's net pension would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

DOYLESTOWN TOWNSHIP
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022

NOTE 7 DEFINED BENEFIT PENSION PLAN (POLICE PENSION PLAN) (CONTINUED)

	1% Decrease (5.75%)	Current Discount Rate (6.75%)	1% Increase (7.75%)
Net Pension Liability	\$ 7,110,757	\$ 4,554,127	\$ 2,442,014

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2022, the Township recognized pension expense of \$1,223,751. At December 31, 2022, the Township reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ -	\$ 604,896
Change of Assumptions	2,086,346	-
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	2,156,247	-
	\$ 4,242,593	\$ 604,896

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending December 31,	Governmental Activities
2023	\$ 529,170
2024	788,488
2025	898,066
2026	1,081,341
2027	302,020
Thereafter	38,612
	\$ 3,637,697

NOTE 8 DEFINED BENEFIT PENSION PLAN (NON-UNIFORM EMPLOYEES' PENSION PLAN)

Plan Description

Plan Administration - The Township administers the Non-Uniform Employees' Pension Plan—a single employer defined benefit pension plan that provides pensions for all regular, full-time non-uniformed employees as stated in the Township Code Section 28. The plan is part of the Township's financial reporting entity and is included in the Township's financial statements as a Pension Trust Fund. The plan does not issue separate, stand-alone financial statements. Management of the plan is vested in the Board of Supervisors as to the administrative, operation and investment of the plan. The Board of Supervisors has delegated the authority to manage plan assets to a third-party.

DOYLESTOWN TOWNSHIP
 NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
 DECEMBER 31, 2022

NOTE 8 DEFINED BENEFIT PENSION PLAN (NON-UNIFORM EMPLOYEES' PENSION PLAN)
 (CONTINUED)

Plan Membership - At December 31, 2022, plan membership consisted of the following:

Active Plan Members	15
Inactive Plan Members Currently Receiving Benefits	25
Inactive Plan Members Entitled to but not yet Receiving Benefits	8
	48

Benefits Provided - The plan provides retirement benefits as well as death and disability benefits as follows:

- Eligibility Requirements
 - o Normal Retirement – Age 60 (Effective 1/1/12 plan participation is frozen)
 - o Early Retirement – Age 55 with 15 years of credited service
 - o Vesting – 100% after 5 years of credited service
- Retirement Benefit – 50% of highest 36 months of average compensation, reduced by 1/25 for each year of credited service less than 25 years, plus \$100 per month for each full year of service over 25 years. The maximum increase shall be \$500.
- Survivor Benefit – Refund of contributions with 4% interest or if vested, spouse entitled to 100% joint and survivor payable when participant would have met early retirement eligibility further reduced for early commencement. If eligible for early retirement: 100% of the benefit the participant would have received had he/she retired on the date of death and elected a 100% joint and survivor benefit.
- Disability Benefit Service & Non-Service Related – Same as normal retirement benefit, based on service and final compensation to date of disability. Minimum benefit is \$3,600/year. Must have 10 years of credited service to be eligible.
- Post Retirement Adjustments – Effective 1/1/1995, adjustment equal to lesser of CPI or 3%. Aggregate total increase will not exceed the lesser of 30% or 75% of final average salary.
- ACT 44 Deferred Retirement Option Program (DROP) – An active member who has met the eligibility requirements for normal retirement may elect to participate in the DROP for a period of up to 48 months.
- Member Contributions – 5% contribution rate and 4% interest rate credited to member contributions

Eligibility – Any non-uniform employee hired on or after January 1, 2012 is not eligible to participate in the plan.

Benefit and contribution provisions are established by Pennsylvania law and may be amended only as allowed by Pennsylvania law.

The benefit provisions of the Township's plan are established by Township ordinances.

Contributions - Pennsylvania Act 205 of 1984 (as amended) requires that annual contributions be based upon the Minimum Municipal Obligation (MMO), which is based on the plan's actuarial valuation. The MMO includes the normal cost, estimated administrative expenses and an amortization contribution of the unfunded actuarial accrued liability, less estimated member contributions, and a credit equal to 10% of the excess (if any) of the actuarial value of assets over the actuarial accrued liability. The state provides an allocation of funds, which must be used for pension funding. A financial requirement established by the MMO, which exceeds state and member contributions, must be funded by the employer. In 2022, the MMO obligation for the plan was \$206,781. Contributions of \$569,945 were made by the Township to the plan and state aid of \$181,316 was contributed to the plan.

DOYLESTOWN TOWNSHIP
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022

NOTE 8 DEFINED BENEFIT PENSION PLAN (NON-UNIFORM EMPLOYEES' PENSION PLAN)
(CONTINUED)

As a condition of participation, participants are required to make contributions equal to 5% of compensation to the plan.

Administrative costs, which may include, but are not limited to, investment management fees and actuarial services, are charged to the appropriate plan and funded through the MMO and/or plan earnings. On-behalf payments of fringe benefits and salaries for the Township's employees were recognized as revenues and expenditures during the year.

Investments

Investment Policy - The plan's policy in regard to the allocation of invested assets is established and may be amended by the Pension Advisory Board. It is the policy of the Pension Advisory Board to pursue an investment strategy that reduces risk through prudent diversification of the portfolio across a broad selection of distinct asset classes. The plan's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans. The following was the Board's adopted asset allocation policy as of December 31, 2022:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return *</u>
US Equity	40.00%	4.50%
Non US Equity	25.00%	6.40%
US Aggregate Bonds	25.00%	2.30%
Non US Aggregate Bonds	10.00%	1.90%

* Excludes 2.26% Inflation Assumption

Method Used to Value Investments - Non-Uniform Employees' Pension Plan investments are carried at fair value as reported by the investment managers. For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plan and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the pension plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms.

Rate of Return - For the year ended December 31, 2022, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was -16.17%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Net Pension Liability of the Township

The components of the net pension liability of the Township at December 31, 2022, were as follows:

DOYLESTOWN TOWNSHIP
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022

NOTE 8 DEFINED BENEFIT PENSION PLAN (NON-UNIFORM EMPLOYEES' PENSION PLAN)
(CONTINUED)

Total Pension Liability	\$	12,763,576
Plan Fiduciary Net Position		10,110,497
Net Pension Liability	\$	2,653,079
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability		79.2%

Actuarial Assumptions - The net pension liability was measured as of December 31, 2022, and the total pension liability was determined by rolling forward the liabilities from an actuarial valuation as of January 1, 2021, using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Assumptions

Inflation	2.25%
Salary Increases	5.00%
Investment Rate Return	7.25%
Mortality Rates	PUBS-2010 Mortality Projected 5 Years Past the Valuation Date Using Scale MP-2020

The long-term expected rate of return on pension plan investments was determined using an asset allocation study conducted by the Plan's investment management consultant in December 2022 in which best-estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) were developed for each major asset class. Those ranges were combined to produce the long-term expected rate of return by the target asset allocation percentage and by adding expected inflation. Best-estimates or arithmetic real rates of returns for each major asset included in the Plan's target asset allocation as of December 31, 2022 are listed below:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return *</u>
US Equity	40.00%	4.50%
Non US Equity	25.00%	6.40%
US Aggregate Bonds	25.00%	2.30%
Non US Aggregate Bonds	10.00%	1.90%

* Excludes 2.26% Inflation Assumption

Discount Rate – The discount rate used to measure the total pension liability was 6.75%. The discount rate is based on the long-term expected rate of return on plan investments that are expected to be used to finance the payments of benefits. The plan's fiduciary net position is projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefit payments to determine the total pension liability. The employer has always met the funding requirements of Pennsylvania law Act 205 of 1984. Act 205 requires full funding of the entry age normal cost plus plan expenses, as well as amortization of the unfunded liability.

Balance at December 31, 2022	<u>\$ 12,763,576</u>	<u>\$ 10,110,497</u>	<u>\$ 2,653,079</u>

Changes in Assumptions

In 2022, the interest rate assumption was lowered from 7.25% to 6.75% per annum and the mortality assumption was changed to the PubS-2010 projected 5 years past 2021 valuation date using MP-2020.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the plan, calculated using the discount rate of 6.75%, as well as what the plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	1% Decrease (5.75%)	Current Discount Rate (6.75%)	1% Increase (7.75%)
Net Pension Liability	<u>\$3,968,665</u>	<u>\$ 2,653,079</u>	<u>\$ 1,534,233</u>

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2022, the Township recognized pension expense of \$1,105,747. At December 31, 2022, the Township reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources;

Thereafter	-
	\$ 1,894,234

NOTE 9 DEFINED CONTRIBUTION PLAN

The Township has established a defined contribution pension plan to provide pension benefits for its regular, full-time, non-uniformed employees. Under the plan, an individual received his own account to which all contributions are made. The employee determines how his account is invested.

Under the plan, the Township contributes 5% and the participant is required to contribute 5% of the employee's compensation to the Plan.

This plan was established effective January 1, 2012. Each full-time, permanent, non-uniformed employee hired on or after January 1, 2012, shall be eligible for the plan. For the year ended December 31, 2022, membership consisted of 22 active members and contributions of \$56,088 and \$59,303 were made to this plan by the Township and employees, respectively.

DOYLESTOWN TOWNSHIP
 NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
 DECEMBER 31, 2022

NOTE 10 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

Plan Description

The Township provides postemployment healthcare benefits, in accordance with Township policies and collective bargaining agreements, for Police employees in accordance with a collectively bargained agreement between the Township and the Police Department most recently revised on January 1, 2019. The Township also provides postretirement healthcare benefits to Non-Uniformed Employees. The plans are single-employer defined benefit plans. Separate financial statements are not issued for the plan.

Police officers who retire and are age 50 with 25 years of service are eligible for medical and prescription drug coverage, including dental coverage, under Delaware Valley Health Insurance Trust Fund ("DVHIT"). Police Officers also receive \$10,000 life insurance for 5 years from effective date of retirement. Non-uniformed employees who retire and are age 60, with no minimum service requirement, are eligible for medical and prescription drug coverage, including dental coverage under DVHIT, with no provision for life insurance. Retirees can continue on the plan by paying 100% of the cost of coverage and the Township subsidizes the premium rates paid by the retirees by allowing them to participate in the plan at blended group (implicitly subsidized) premium rates based up the combined demographics of both active and retired employees. The rates that are charges to retirees are actually lower than the rates that would have been charged if the retiree group was rated separately because, on an actuarial basis, the retiree group has a higher average age and higher medical costs than the overall combined population of active and retired employees. Surviving spouses are eligible for survivor benefits and may continue in coverage by paying 100% of the cost of coverage.

The following eligible employees and retirees were covered by the plans:

	<u>Police</u>	<u>Non-Uniformed</u>
Active Plan Members, not fully eligible	19	27
Active Pan Members, fully eligible	2	9
Retirees currently receiving benefits	3	1
	24	37

Actuarial Assumptions

A summary of the actuarial assumptions for both plans used in the January 1, 2022 valuations is presented below:

Actuarial Assumptions - Both Plans	Entry Age Normal
Valuation Method	4.31%
Discount Rate	5.00%
Salary Increases	N/A
Investment Rate of Return	
Mortality Rates	2010 Weighted Mortality for Male and Female Employees and Retiree projected 5 years past the valuation date using mortality improvement scale MP-2021.
Healthcare Cost Trend Rate	Initial Rate of -10% in fiscal 2022, 0% in fiscal 2023, 8% in 2024 grading down to the ultimate trend rate of 3.45% in fiscal 2075.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows or Resources Related to OPEB:

At December 31, 2022, the Township reported total OPEB liabilities for the Police Plan and Non-Uniformed Plan of \$147,497 and \$99,753, respectively. The total OPEB liabilities were measured as of December 31, 2022, and the total OPEB liability was determined by rolling forward the total OPEB liability as of January 1, 2022 to December 31, 2022.

DOYLESTOWN TOWNSHIP
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022

NOTE 10 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONTINUED)

Discount Rate

The discount rate is 4.31% and is based on the December 31, 2022 S&P Municipal Bond 20 Year High Grade Rate Index. The following presents the net OPEB liability of the Township, calculated using the discount rate of 4.31%, as well as what the Township's net OPEB liability would be if it were calculated using a discount rate that is 1-percent-point lower (3.31%) or 1-percent-point higher (5.31%) than the current rate:

Police	1% Decrease (3.31%)	Current Discount Rate (4.31%)	1% Increase (5.31%)
Net OPEB Liability	<u>\$ 163,073</u>	<u>\$ 147,497</u>	<u>\$ 133,864</u>
Non-Uniform	1% Decrease (3.31%)	Current Discount Rate (4.31%)	1% Increase (5.31%)
Net OPEB Liability	<u>\$ 253,605</u>	<u>\$ 99,753</u>	<u>\$ 222,009</u>

Healthcare Cost Trend Rate

The following presents the net OPEB liability of the Township, calculated using current medical inflation rate as well as what the Township's net OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1-percent-point lower or 1-percent-point higher than the current rate:

Police	1% Decrease	Current Trend Rates	1% Increase
Net OPEB Liability	<u>\$ 129,956</u>	<u>\$ 147,497</u>	<u>\$ 168,547</u>
Non-Uniform Plan	1% Decrease	Current Trend Rates	1% Increase
Net OPEB Liability	<u>\$ 89,840</u>	<u>\$ 99,753</u>	<u>\$ 111,265</u>

NOTE 11 RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Township carries commercial insurance. The Township uses Delaware Valley Health Trust, a risk retention pool for worker's compensation insurance. The risk pool includes other municipalities. The Township pays an annual premium to the Trust for its worker's compensation coverage. The agreement for the Delaware Valley Health Trust provides that it will be self-sustaining through member premiums and will reinsure through commercial companies for excessive claims. There were no significant reductions in insurance coverage for the year 2022.

Notes to Schedule

Valuation Date for contribution rates January 1, 2021

Actuarially determined contribution rates are calculated by September 30 of each year for the upcoming calendar year.

Methods and Assumptions used to determine contribution rates:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Dollar, Closed
Remaining Amortization Period	15 Years
Asset Valuation Method	Market Value
Inflation	2.25%
Salary Increases	5.00%
Investment Rate of Return	7.25%
Retirement Age	50
Mortality	PubS-2010 Mortality projected 5 years past the valuation date using scale MP-2020

Notes to Schedule

This schedule is intended to show information for ten years; all available information is displayed. Additional information will be displayed as it becomes available.

	2022	2021	2020	2019	2018	2017	2016	2015	2014
Annual Money-Weighted Rate of Return, Net of Investment Expense	-16.15%	13.36%	11.27%	19.32%	-6.18%	15.28%	5.76%	-1.90%	3.63%

DOYLESTOWN TOWNSHIP
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
DECEMBER 31, 2022

Budgetary Data

The Township follows the procedures below in establishing the budgetary data in the General Fund:

During September, Township Department Heads are requested to submit preliminary operating budgets to the Township Manager for the fiscal year commencing the following January 1. The operating budgets submitted include proposed expenditures and the means of financing them as well as narrative justification for increases in the operating expenditures.

Budgets, as submitted, are subject to a detailed review by the Township Manager. The review process, which continues through November, includes meetings with the department heads, comparisons with prior year's spending patterns, and forecasting of future needs.

As required by the Township Code, the proposed budget is made available for public inspection for at least twenty days prior to the date of adoption, with the adoption required by December 31. Subsequent to the budget approval, the Township Board adopts the appropriation measures required to put the budget in to effect, and fixes the rate of taxation.

Legal budgetary control is maintained by the Township Board. Transfers between departments, whether between funds or within a fund, or revisions that alter the total revenues and expenditures of any fund must be approved by the Board of Supervisors.

Pension Data

The amounts reported in the schedules of changes in net pension liability are determined by an actuarial valuation as of January 1, 2021, rolled forward to December 31, 2022.

Other Post-Employment Benefits Data

The amounts reported in the schedules of changes in net pension liability are determined by an actuarial valuation as of January 1, 2022, rolled forward to December 31, 2022.
