

Doylestown Township

Public Water and Sewer Advisory Committee Minutes Meeting

November 20, 2025 @ 5:00pm

In attendance: Joe Van Houten, Chairperson; Bob Shaffer, Vice-Chairman; Matt Oakes, Secretary; Wallace Pattyson, Member; John Canterbury, Member; Mike Giegerich, Member

Township Staff: Stephanie Mason, Township Manager; Judy Dixon, Board of Supervisors; Andrea Susten

Meeting started at 5:06pm

537 Plan:

Joe remarked that there is a 23 page response to DEP. Joe asked if there was any questions with the response that Carroll Engineering put together.

Judy asked for clarification on the timeline. Joe/Stephanie responded that this is a long process.

John asked when we might hear back from DEP. Joe responded most likely Spring of 2026.

Private Well Testing:

Stephanie mentioned that Toby from Gilmore was at our last meeting and presented a map of areas focused for random sampling. She mentioned that a meeting with DEP also took place and did not want to test in areas DEP has already tested.

Joe mentioned that even though public water is available in areas, some residents are not hooked up to it and had concerns that the private well testing is not addressing. Stephanie said the focus is more on geology and that it is voluntary to 100 residents.

Joe stated that March is our target.

Meeting adjourned 5:41pm
