Ms. Sweeney reported that an understanding had been reached with Delaware Valley College with regard to the vacating of the Central Park; she noted that the BOS would be discussing, and potentially accepting, the conditions of the agreement at their scheduled meeting later that evening. Ms. Sweeney noted that the final agreement did include the construction, by J.D. Morrissey, of two full-size athletic fields and parking lot in Central Park.

Mr. Bray noted that this was a very important piece of the recently completed master Central Park Master Plan update. He further indicated that with the vacating of the lease, the balance of the 30+ acres would also be under control of the township.
