Neshaminy Greenway DVRPC Grant Update

Mr. Stanford, Baker Engineering indicated that he submitted wetland information and is waiting for the blessing from the Army Corp of Engineers. Preliminary cost estimates are a about \$400,000 to build most of the path based on PennDots numbers but the Township is looking to get some information from Moyer, a contractor, under bid on some unit pricing as well. Some area pipes may be able to make some adjustments, it was suggested that the next phase for DVRPC funding is provided a subcommittee get together and discuss.

Destination Peace Valley Update

We are still waiting to hear from the County.

Burke Circle Follow Up

Ms. Hendrixson indicated that she saw a lot of people coming over the hill and it certainly creating a problem at that location. There was some discussion about going through the open space, maybe holding off, thinking about the connection via Upper State to the other side of the Neshaminy, that may be better. It was suggested to send a letter to the residents to keep them up to date.

Pebble Hill Road Resurfacing

Ms. Goldman indicated the she had heard that repaving to the road was going to take place and that we should check with PennDot, if that is the case, perhaps we could get them to include some widening for Bike Trails and sharrows, etc. It was suggested that we contact PennDot.

Being no further business the meeting adjourned, the next meeting is scheduled for October 16th.
